2014 / RETAIL PRODUCT LINE

Last year, we introduced a number of new products in a couple new categories. This year, we've built on those successes, and continue to reach the ever-changing consumer landscape with innovative phone systems that speak to customers' needs.

Our home monitoring (IS7121) and CareLine™ (SN6197) series give consumers an extra sense of security by combining features like video, one-button calling and mobility with high-tech phone systems. We continue to enhance our traditional cordless phones, as well. Among them, our Connect to Cell™ systems keep consumers connected—to all their calls—with one product, while the retro phone and color models attract the style savvy.

For your convenience, this catalog is divided into several product categories, including: residential phones, home monitoring, CareLine and Safe&Sound® baby monitors. Each section showcases a blend of stylish designs, cutting-edge technology and high-quality products to offer your customers a wide range of options.

As always, our goal is to create products that enhance the lives of each and every consumer. These systems are built to do just that.

CS6114

Cordless Phone

with Caller ID / Call Waiting*

Key Features

Caller ID / Call Waiting

Know who's calling with caller ID / call waiting. Handset displays the name, number, time and date of incoming calls.

Backlit Keypad and Display

The keypad and LCD screen illuminate so you can easily make and view calls, even in dim light.

DECT 6.0 Digital Technology

Utilizing the latest-available frequency band, this interference-free technology provides superior voice and sound quality and higher protection against eavesdropping than 2.4GHz and 5.8GHz phone systems.

ADDITIONAL FEATURES

- 30 name and number phonebook directory
- Voicemail waiting indicator**
- Last 5 number redial
- Mute
- Any key answer
- Volume control
- Trilingual prompts—choose between English, Spanish or French
- Easy-to-use, standard wall-mount capability

CS6124

SN6107

CareLine™ Accessory Handset

with Extra-Large Buttons and Display

Key Features

Voice Announce® Caller ID

Audibly announces the name of the caller on all handsets and the base unit. No need to find the handset to see who's calling—making screening calls that much easier.

Audio Assist®

Need more help hearing what's being said? Use Audio Assist to temporarily boost up the volume while you're on a call.

Big Buttons, Large Display

Oversized buttons and an easy-to-read display screen make the system super easy and comfortable.

ADDITIONAL FEATURES

- Accessory handset only (requires an SN1197, SN6187 or SN6197 series phone to operate)
- HD audio
- Caller ID / call waiting*—stores 50 calls
- Full-duplex handset speakerphone
- Digital reminder system
- Talking digits

SN6307

CareLine™ Accessory Handset with Picture Speed Dial Keys

Key Features

Full-Duplex Handset Speakerphone

Enjoy a speakerphone that can keep up with your calls. Increase participation by allowing both ends to speak and be heard at the same time for conversations that are more true to life.

Voice Announce® Caller ID

Always know who's calling, even when you're in the other room. All devices announce the names of your callers through the speakerphones.

Photo Dial

Never forget whose number is whose. Program four frequently dialed phone numbers and attach a photo to each one for convenient speed dialing.

ADDITIONAL FEATURES

- Accessory handset only (requires an SN1197, SN6187 or SN6197 series phone to operate)
- HD audio
- Visual ringing indicator
- ECO mode power-conserving technology
- Quiet mode
- DECT 6.0 digital technology
- Hearing aid compatible
- Volume control

IS7121-2

2 Handset Answering System

with Audio / Video Doorbell

Key Features

Audio / Video Doorbell Answering System

The first of its kind, this two-in-one cordless answering system and audio / video doorbell combines a versatile phone system with a digital camera, for convenience and security at home.

Front Door Screening

Like caller ID for your front porch, the video doorbell allows you to screen visitors before answering the door, without the worry of being seen.

Take a snapshot or stream video

The IS7121-2 automatically snaps a photo and sends it to the handsets when visitors ring the doorbell. You can then stream video, audio, or both with just two buttons.

ADDITIONAL FEATURES

- Space saving
- Video camera on doorbell
- 1.8-inch color display on handsets
- Voice Announce® caller ID
- Push-to-talk
- HD audio
- Digital answering system
- Caller ID / call waiting*—stores 50 calls
- Handset speakerphone
- ECO mode power-conserving technology
- Quiet mode
- Backlit keypad and display
- Expandable up to 10 handsets and 2 cameras (uses IS7101 handset and IS741 camera)
- DECT 6.0 digital technology
- Up to 14 minutes of recording time***
- Call screening
- Call intercept
- Remote access
- Message retrieval from handset
- Message time and date stamp
- 50 name and number phonebook directory
- Intercom between handsets
- Conference between an outside line and up to 2 cordless handsets
- Voicemail waiting indicator**
- Last 10 number redial
- Mute
- Any key answer
- Volume control
- Trilingual prompts—choose between English, Spanish or French

IS741

Accessory Doorbell

with Audio / Video Camera

Key Features

Take a snapshot or stream video

The IS741 automatically snaps a photo and sends it to the handsets when visitors ring the doorbell. You can then stream video, audio, or both with just two buttons.

Front Door Screening

Like caller ID for your front porch, this video doorbell allows you to screen visitors before answering the door, without the worry of being seen.

Night Vision

See guests even after dark with automatic night vision.

ADDITIONAL FEATURES

- Accessory camera only (requires an IS7121 series phone to operate)
- Video camera on doorbell
- Adjustable camera angle
- 1 year battery life
- Weatherproof
- Battery and AC power modes
- Intercom to the cordless handset
- DECT 6.0 digital technology

IS7101

Accessory Handset

with Color Display

Key Features

Front Door Screening

Like caller ID for your front porch, the video doorbell allows you to screen visitors before answering the door, without the worry of being seen.

Audio / Video Camera on Doorbell

The system automatically snaps a photo and sends it to the handsets when visitors ring the doorbell. You can then stream video, audio, or both with just two buttons.

Color LCD Display

Stream live video or review the photo log on an easy-to-see 1.8-inch color LCD screen.

ADDITIONAL FEATURES

- Accessory handset only (requires an IS7121 series phone to operate)
- Voice Announce® caller ID
- Push-to-talk
- HD audio
- Caller ID / call waiting*—stores 50 calls
- Handset speakerphone
- ECO mode power-conserving technology
- Quiet mode
- Backlit keypad and display
- DECT 6.0 digital technology
- Message retrieval from handset
- 50 name and number phonebook directory
- Intercom between handsets
- Conference between an outside line and up to 2 cordless handsets
- Voicemail waiting indicator**
- Last 10 number redial
- Mute
- Any key answer
- Volume control
- Trilingual prompts—choose between English, Spanish or French

DM221

Safe&Sound® Digital Audio Monitor

Key Features

Extended Range

Be connected to your baby from another room or even outside with up to 1,000 feet of range.

Talk-Back Intercom System

Sometimes all your baby needs is to hear the sound of your voice. Comfort your little one from another room with the built-in intercom.

Rechargeable Batteries

Up to 18 hours of monitoring time on a single charge means you have the freedom to carry the parent unit everywhere you go without the hassle of a power cord.

DM221-2

ADDITIONAL FEATURES

- DECT 6.0 digital technology
- Secure, digitized transmission eliminates background noise and interference so you can rest assured the only sounds you—and only you—will hear are your baby's
- 5-level sound indicator
- The loop on the baby unit illuminates for use as a night-light
- Belt clip
- Vibrating sound alert
- Backlit display on parent unit

VM321

Safe&Sound® Full-Color Video and Audio Monitor

Key Features

High-Resolution, 2.8-Inch Color LCD

Never miss a smile with the high-resolution, 2.8-inch color LCD screen.

Full-Motion Video

With up to 22 frames per second, you can see your child's every move on clear, dynamic video.

Talk-Back Intercom System

Sometimes all your baby needs is to hear the sound of your voice. Comfort your little one from another room with the built-in intercom.

ADDITIONAL FEATURES

- Up to 1,000 feet of range
- Split-screen viewing
- Infrared LED
- Expandable system supports up to 4 baby units (uses VM301 camera)
- Digital transmission—2.4GHz frequency digitally transmits both audio and video signals
- Adjustable camera angle
- Wall-mountable baby unit with built-in cord storage compartment
- Soothing lullabies—play 5 different melodies from the camera
- Temperature sensor
- Rechargeable battery with low-battery alert on parent unit
- Zoom the camera from the parent unit
- 6-level sound indicator
- Vibration sound alert on parent unit

VM301

Safe&Sound® Full-Color Video Camera

Key Features

Multiple Viewing Options

System supports viewing of up to 4 total cameras from one parent unit. Viewing modes include single view (one camera only), split view (cycles through cameras on single view before stopping on split view) and patrol mode (single view that transitions to a different camera every 7 seconds) to keep an eye on as many as 8 rooms at once.

Automatic Infrared Night Vision

Two infrared LEDs and a low-lux camera automatically detect dim light, providing clear video even in dark rooms.

Talk-Back Intercom System

Sometimes all your baby needs is to hear the sound of your voice. Comfort your little one from another room with the built-in intercom.

ADDITIONAL FEATURES

- Requires VM321 to operate
- Temperature sensor
- Digital transmission
- Wall-mount bracket
- 6-level sound indicator
- Adjustable camera lens
- Zoom the camera from the parent unit
- Volume control

VM333

Safe&Sound® Full-Color Video and Audio Monitor with Pan and Tilt

Key Features

High-Resolution, 2.8-Inch Color LCD

Never miss a smile with the high-resolution, 2.8-inch color LCD screen.

Full-Motion Video

With up to 22 frames per second, you can see your child's every move on clear, dynamic video.

Pan, Tilt and Zoom

Watch as your little one moves about. The camera pans up to 270 degrees side-to-side and tilts as many as 124 degrees up and down. Need more detail? The camera zooms up to 2x.

ADDITIONAL FEATURES

- Split-screen viewing
- Automatic infrared night vision
- Talk-back intercom
- Temperature sensor
- 1,000 feet of range
- Digital transmission
- Expandable system supports up to 4 baby units (uses VM303 camera)
- Wall-mount bracket
- Adjustable camera lens
- Vibrating sound-alert on the parent unit
- Rechargeable battery with low-battery alert on the parent unit
- Zoom the camera from the parent unit
- 5-level sound indicator
- Volume control

VM303

Safe&Sound® Full-Color Video Camera with Pan & Tilt

Key Features

Pan, Tilt and Zoom

Watch as your little one moves about. The camera pans up to 270 degrees side-to-side and tilts as many as 124 degrees up and down. Need more detail? The camera zooms up to 2x.

Automatic Infrared Night Vision

Register the speaker to your mobile or DECT 6.0 cordless phone to easily answer cellular and landline calls even when you're in another room.

Works with Many Models of AT&T and VTech Expandable Cordless Phones†

The MA3222 works with many popular cordless phones, making it easy to add a high-quality, hands-free option to your current home system.

ADDITIONAL FEATURES

- 3W 3.2-inch hi-fidelity speaker
- No AC power required
- 3-party conferencing
- Speaker volume control****
- Ringer volume control****
- USB port for charging

MA3222-16

MA3222-17

vtech®

Designed to fit your home. And your life.®

* **Caller ID / Call Waiting** displays a caller's name, number, time and date, even while on another call. This feature requires the user to subscribe to Caller ID with Call Waiting, a combined service, available through your telephone service provider. Subscribers receiving Caller ID and Call Waiting as separate services must subscribe to Caller ID with Call Waiting as a single, combined service. Such services may not be available in all areas, may be called different names by different local telephone companies, and a fee may be associated with these services. To ensure optimal utilization of this feature, both the user's telephone and the telephone of the calling party must be in areas where Caller ID with Call Waiting services are available, and the local telephone company must be using compatible equipment as well.

** **Voicemail** feature requires a subscription from your telephone service provider.

*** **Recording time** depends on individual message characteristics.

**** **Volume control** available during calls via a DECT 6.0 cordless phone only.

† Visit www.vtechphones.com for a complete list of cordless telephones that are compatible with the MA3222.
