Helping seniors live connected lives at home

The CareLine system was co-developed with leading experts in aging and technology. It's ideal for everyday conversations and emergency situations, thanks to features like:

Portable Safety

Lightweight, programmable safety pendant to call for help with one-button dialing or voice commands.

Control

With four devices, you decide how to communicate —every day or in an emergency.

Easy Communication

Audio Assist®, oversized buttons, and a large, high-contrast display make it so easy to use.

Worried about a parent living alone?

Watch our video to learn how you can relax with CareLine in their home.

Hurry! Offers are for **three days only!**
