Every hotel deserves a 5-star phone

From the guest room to the lobby, VTech® corded and cordless phones fit right in—whether you’re catering to busy road warriors or families on vacation. That’s thanks to our experience as the world’s largest manufacturer of telephony products.

For more than 35 years, we have made significant investments in understanding what consumers want in corded and cordless phones. It’s allowed us to deliver products that are easy to use, design forward and technologically advanced. It’s also enabled us to provide world-class sales support to our customers in every corner of the globe. The result is a clear cost and feature advantage in our hospitality product line—solutions that can be scaled to accommodate a variety of business models, property needs and other special requirements.

Tasteful design, advanced engineering, antibacterial plastic and practical footprints come together in our comprehensive palette of one- and two-line telephones. Choose from contemporary or classic styling in analog or SIP technology—with innovative features to meet your specific needs.

In an industry where first impressions matter and space is often at a premium, VTech hotel phones answer the call.

Contemporary Analog and SIP Phones

Dial up your guest experience a notch with our contemporary corded and cordless phones. Elegant styling lends a modern, fresh touch to guest rooms, while antibacterial plastic protects guests and housekeeping staff from germs. Our analog and SIP phones feature the same attractive design, providing hotel guests with a seamless experience.

Contemporary Analog and SIP Phones

Whether you're outfitting your guest rooms or your lobby, VTech phones are an easy fit. Our contemporary TrimStyle phones are small on size and big on convenience. Designed for desk or wall mounting, they're moisture-resistant and practical. The analog model features customizable faceplates for branding and dialing instructions. Our contemporary lobby phones come without dial pads or speed dials, ensuring you have total control over call accounting.

Contemporary Analog TrimStyle Phone

1-Line A2310

Analog Trimstyle Phone Features

- Antibacterial plastic protects guests and housekeeping staff from germs
- Backlit dialpad*
- Rubber inlay underneath dialpad protects against moisture
- Volume control for handset and ringer

- Available in Matte Black, Silver Black and Silver Pearl

Contemporary Analog TrimStyle Phone

2-Line A2321

Contemporary SIP Corded Lobby Phone

1-Line S2100

Additional SIP Lobby Phone Features

- Uses standard IEEE802.3af Power over Ethernet

Classic Analog Phones

Practical and affordably priced, our classic corded and cordless phones feature traditional styling. Straightforward functionality and ergonomic comfort meet the needs of busy guests, while antibacterial plastic protects them and housekeeping staff from germs.

Coming Soon – The VTech Accessory Petite Phone™

Like our contemporary Petite Phone, this accessory version makes the most of tight spaces with a compact footprint and sleek styling. As an accessory phone, it comes with a USB charging port and registers to a cordless base—making it an ideal choice for a second in-room phone. Requiring only an electrical outlet for installation, it is a cost-effective option, too.

Available in Analog (CTM-A241P/CTM-A242P) and SIP (CTM-S241P/CTM-S242P)

Classic Analog Corded Phone
