Abridged user's manual

## Congratulations

on purchasing your new VTech product. Before using this telephone, please read Important

This abridged user's manual provides you with basic installation and use instructions. A limited set of features are described in abbreviated form.

Please refer to the online user's manual for a full set of installation and operation instructions at

Telephones identified with this logo have reduced noise and nterference when used with most T-coil equipped hearing aids and cochlear implants. The TIA-1083 Compliant Logo is a trademark of the Telecommunications Industry Association. Used under license.

## Parts checklist

Your telephone package contains the following items. Save your sales receipt and original packaging in the event warranty service is

## Install the battery

Install the battery as shown below.

· Use only the supplied battery. If the handset will not be used for a long time, disconnect and remove the battery to prevent possible leakage.

Connect the telephone base

Charge the battery

 To purchase a replacement battery, visit our website at www.vtechphones.com or call 1 (800) 595-9511. In Canada, go to www.vtechcanada.com or call 1 (800) 267-7377.

## Connect and charge the battery

- · Use only the adaptor provided. Charge the supplied battery only in accordance with the instructions and limitations specified in this manual.
- Even if you do not subscribe to any conventional telephone service, you can pair a Bluetooth enabled cell phone to your telephone base (see Bluetooth), and use the cell line alone without plugging in a telephone line cord.
- If you subscribe to digital subscriber line (DSL) high-speed Internet service through your telephone line, make sure you install a DSI filter (not included) between the telephone line cord and telephone wall jack Contact your DSL service provider for more

### nough charge about 30 o be used for a Low battery and 1 flashes The screen The battery is To keep the

The battery has

### Before use

Check for a dial tone by pressing HOME . If you hear a dial tone, the installation is successful

### If you do not hear a dial tone:

- · Make sure the installation procedures described above are properly done
- It may be a wiring problem. If you have changed your telephone service to digital service from a cable company or a VoIP service provider, the telephone line may need to be rewired to allow all existing telephone jacks to work. Contact your cable/VoIP service provider for more information.

### Operating range

This cordless telephone operates with the maximum power allowed by the Federal Communications Commission (FCC). Even so, this handset and telephone base can communicate over only a certain distance - which can vary with the locations of the telephone base and handset the weather, and the layout of your home or office. When the handset is out of range, the handset

### displays Out of range or no pwr at base. If there is a call while the handset is out of range,

it may not ring, or if it does ring, the call may not connect well when you press HOME A or CELL (P). Move closer to the telephone base, then press the cell ( ) to answer the call

If the handset moves out of range during a telephone conversation, there may be interference. To improve reception, move closer to the telephone

### Bluetooth

To use a Bluetooth enabled cell phone with your LS6181, pair and connect your Bluetooth cell phone(s) with the telephone base. All LS6181 andsets can make or answer calls on the cell line

Bluetooth wireless technology operates within a short range (a maximum of approximately 30 feet). When you pair a Bluetooth cell phone to the telephone base, make sure your Bluetooth cell phone is close to the telephone base to maintain sufficient signal strength.

For optimal performance, keep your cell phone within 15 feet of the telephone base while using

## Pair and connect your Bluetooth enabled 1. Choose a slot to pair the cell phone. Press and

- hold **3/CELL1** (or **3/CELL2**) on the telephone base for about four seconds until you hear two beeps. The **3/CELL1** light (or **3/CELL2** light)
- 2. Turn on the Bluetooth feature of your cell phone. Once your cell phone finds your VTech phone (VTech LS6181), press the appropriate key on your cell phone to continue the pairing process. · Your cell phone may prompt you to enter the PIN of the telephone base. The default PIN of
- the telephone base is **0000**. All cell phones that are connected to the telephone base are disconnected tempora until the pairing process is completed.

# If the pairing process fails, repeat steps 1 and Download contacts from your Bluetooth

- 1. Press MENU on the handset when the phone
- 2. Scroll to **Bluetooth** then press **SELECT**. 3. Scroll to Download dir then press SELECT. 4. Scroll to select the desired cell phone, then
  - the directory download. Certain cell phones do not support SIM card download. If this is the case, transfe the contacts from your SIM card to your cell phone memory first. Then download from your cell phone memory. For more information on how to transfer contacts for your SIM card to your cell phone memory,

see the user's manual of your cell phone.

 For Android and Blackberry cell phones, you may also download your cell phone directory to your LS6181 via the VTech Contact Share application. Go to www.vtechphones.com/apps/contact\_share

for application download.

## Using the handset menu 1. Press MENU when the phone is not in use.

- 2. Press ▼ or ▲ until the screen displays the desired feature menu 3. Press SELECT.
- To return to the previous menu, press CANCEL. To return to idle mode, press and hold

# Press ▼/VOL- on the telephone base. Temporary tone dialing

### To start paging: • Press /FIND **HANDSET** at the

### To end paging: • Press **/FIND HANDSET** at the telephone base.

- Press HOME 

   (♠), CELL(♠), OFF, ■) or any dialing key on the handset
- · Place the cordless handset in the telephone

Do not press and hold FIND HANDSET for more than four seconds. It may lead to handset deregistration.

### Redial list

Each handset stores the last 10 telephone numbers dialed. When there are already 10 entries, the oldest entry is deleted to make room for the new entry

## To review and dial a number from the redial

- 1. Press **REDIAL** when the handset is not in use.
- 2. Press **▼**, **▲** or **REDIAL** repeatedly until the desired entry displays
- Press HOME 
   <sup>↑</sup>, CELL (
   <sup>↑</sup>) or 
   <sup>↑</sup>) to dial.

## To delete a redial entry:

When the desired redial entry displays, press DELETE.

## Join a call in progress

You can use two cordless handsets at a time on a home line call. You can buy additional expansion handsets (LS6002/LS6002-13/LS6002-15/ **LS6002-16/LS6002-17**) for this telephone base. You can register up to five handsets to the telephone base

- When a handset is on a home line call, press HOME or ■ on another cordless handset to join the call
- To exit the call, press OFF on the cordless handset or place it on the telephone base. The call continues until all handsets hang up.

## Transfer a call

While on an outside call, you can transfer the call from one handset to another

Add and register a handset

- 1. During a call, press **MENU**
- 2. Press ▼ or ▲ to scroll to Transfer, then press SELECT. When you have more than two handsets, use the dialing keys to enter a destination device number (1 to 5 for HANDSET 1 to HANDSET 5).
- 3. To answer the call on the destination handset. press  $\overset{\mathsf{HOME}}{\longleftrightarrow}_{\mathsf{FLASH}}$ ,  $\overset{\mathsf{cell}}{\longleftrightarrow}$ ,  $\overset{\mathsf{e}}{\longleftrightarrow}$ ) or any dialing key.

vtech

(l)

Use the intercom feature for conversations between two cordless handsets

- 1. Press MENU on the handset when not in use.
- 2. Press ▼ or ▲ to scroll to Intercom, then press **SELECT**. When you have more than two handsets, use the dialing keys to enter a destination device number (1 to 5 for HANDSET 1 to HANDSET 5)
- 3. To answer the intercom call with the destination handset, press HOME ♠, ŒLL(♠), ◀)) or any dialing key.
- 4. To end the intercom call, press **OFF** or return the cordless handset to the telephone base.

# Answer an incoming call during an intercom

If you receive an outside call during an intercom call, there is an alert tone.

### Using the cordless handset:

- To answer a home call, press HOME . The intercom call ends automatically.
- To answer a cell call, press **OFF** to end the intercom call. The telephone continues to ring. Then press cell()
- To end the intercom call without answering the outside call, press **OFF**. The intercom call ends and the telephone continues to ring

### Directory

The phonebook directory can store up to 200 entries, which are shared by all handsets

### To add a directory entry:

1. Enter the number (up to 30 digits) when the phone is not in use, then press SELECT. Then go to Step 3. -OR-

- When the phone is not in use, press **MENU** then scroll to **Directory**, and then press
- **SELECT** twice. 2. Use the dialing keys to enter the number (up to
- 30 digits). -OR-
- Copy a number from the redial list by pressing **REDIAL** and then press **▼**, **▲** or **REDIAL**

cannot add and

repeatedly to select a number. Press **SELECT** to copy the number.

- 3. Press **SELECT** to move on to enter the name. 4. Use the dialing keys to enter the name (up to 15
  - characters). Additional key presses show other characters of that particular key
  - Press SELECT to save.
